## PROJECTS

### Recipe application:

allows its user to search over a million of different recipes. Add new recipes, filter recipes by keyword like ingredient or find specific recipe with a search bar. Users also have the option of creating their own recipe. This application is made with MVC design pattern.

Repository: <https://github.com/Blagoja95/recipe-app-demo>

Live site: <https://recipe-app-demo-bb.netlify.app/>

### AUTOMATIC GARDEN WATERING SYSTEM:

is irrigation system that opens the valve and discharges water at a predetermined time. The first version of this system was made in 2020 and it's still used today.
